CAPT. STOTTLEMEYER

Anything?

CSI TECHNICIAN

A lot of nothin'. He wore gloves and slippers.

LT. DISHER

What about the detonator battery? Sometimes they forget to wipe it down.

CSI TECHNICIAN

Not today. The guy was a ghost.

The CSI Tech is holding a burnt, blown-up, shredded PIECE OF THE SPEED BAG.

CAPT. STOTTLEMEYER

Is that the bag?

CSI TECHNICIAN

What's left of it.

Stottlemeyer takes a closer look. He studies the thread, where the bag was sewn back up.

CAPT. STOTTLEMEYER

The thread...

CSI TECHNICIAN

Sir?

CAPT. STOTTLEMEYER

He put the bomb in the bag. When he sewed it back up, he licked the thread. ~~He licked the thread.~~ See? Should be DNA all over it.

CSI TECHNICIAN

The thread.
(nodding, impressed)
We'll check it out. Can we start packing up?

CAPT. STOTTLEMEYER

Let's wait for Monk. He's on his way.

// END

Ray Regis has overheard this. He steps up.
