NURSE

We're going to need some blood. Your brother needs a transfusion.

MONK

Natalie. Give her some blood.

NURSE

I mean your blood.

The Nurse approaches Monk with the needle. Monk panics! He recoils!

MONK

WHAT ARE YOU DOING!? WHAT IS THAT?

NURSE

It's just a needle.

MONK

THAT'S NOT A NEEDLE! THAT THING IS TEN FEET LONG!

NURSE

You've never given blood before?

Monk shakes his head.

NURSE (CONT'D)

But you've had shots before?

Monk doesn't respond.

NATALIE

I don't think he has.

NURSE

There's a first time for everything. I need you to roll up your sleeve...

She tries to roll up Monk's sleeve. But Monk resists! He swings his arm, violently!

NURSE (CONT'D)

Could you hold your friend, please?
